It does not have any patterns and directions to make quilts. It only has pictures of quilts and things about the amish community. I wish I could return and buy the other book even if an additional cost. This is the only one I found listed with and by the same person and cover of book.0 of 0 people found the following review helpful. Five StarsBy Edith FlemingGreat quilts. This book will inspire you to make an Amish quilt!

Over 100,000 copies in print! A must for quilt collectors and anyone interested in folk art or Amish culture.
