Paula Pryke : Wreaths Bouquets before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wreaths Bouquets:

1 of 1 people found the following review helpful. Beautifully laid out book
By Kathleen Benninger I would highly recommend this book. Paula Pryke never fails her audience when it comes to practical information and her expert knowledge of both the flowers and her ingenious use when making her fanciful wreaths Bouquets. She is a very good teacher and the directions in the book are quite easy to follow. She is a master of flower arranging barr none.
0 of 0 people found the following review helpful. Two Stars
By L. Housden Very disappointed. Many of the items show did not include instructions. Glad I got it for only \$10
0 of 0 people found the following review helpful. Three Stars
By Jean Dixon Beautiful wreaths but I was disappointed with the choices.

Master designer and author of over seven bestselling books, Paula Pryke shares her experience in planning floral displays and accents to set the tone for any event or special occasion. This book emphasizes wreaths and bouquets, but also includes other floral accessories that add a special decorative touch. From making grand statements with massed flowers to thoughtful touches like garlands for mantles or swags for banisters, Pryke covers all the details of decorating with flowers. She discusses both foam and wire-based wreaths, and explores the pros and cons of each depending upon the ornaments used and whether a wreath is meant to last a season rather than just an evening. Also

included are centerpieces as well as small posies to be used with table settings. Signature concepts are explored, such as using unusual containers and unexpected accessories like candles. Pryke demystifies the technique of combining colors, textures, and architectural forms and discusses different types of flowers, foliage, and even fruit. Packed with ideas, skills, and techniques, this book is replete with inspiring yet achievable designs for both novices and seasoned floral artists alike.

"For anyone who's ever wanted to celebrate a special event, or just bring a touch of flower power into their lives, this handy and gorgeous guide will be helpful, season after season." ~Forward Magazine "Wreaths aren't just for the holidays anymore. From candelabras and centerpieces to napkin rings and headdresses, inspiration and tips are found on every page." ~San Diego Home/Garden Lifestyles "Wreaths aren't just for the holidays anymore. From candelabras and centerpieces to napkin rings and headdresses, inspiration and tips are found on every page." About the Author Paula Pryke is renowned for innovative and brilliantly colorful floral designs. Her internationally acclaimed Flower School in London attracts students from all over the world, and she is the author of several notable books, including Paula Pryke Table Flowers, Paula Pryke Flower School, and Wedding Flowers.
