David Gypsy Breier : Xerography Debt before purchasing it in order to gauge whether or not it would be worth my time, and all praised Xerography Debt:

Opening with a long musing about the importance of recorded history through zine reviews, the newest issue of this

review zine, catapults us into reading about all kinds of exciting new zines we've never heard of! There's also columns, humor, and smart folks cluin' us in on all the brand new stuff that rules.

"A dedicated bunch of zinesters who pour their heart and soul into their reviews and it shows. Very interesting." 410
