This book reminds me of the many places I visited and I love coloring them. The paper is a good quality, which helps to make the images as colorful as I want.0 of 0 people found the following review helpful. These are awesome coloring books by Dave EmberBy ShemmThese are awesome coloring books by Dave Ember, I have all three of the books his has out, Hope he continuesto do the National Parks11 of 11 people found the following review helpful. Loved the postcardsBy Coloring Book AddictI didn't know what to expect when I received this book for review but was blown away by the quality! The images are all unique and imaginative and the paper quality is quite nice. I particularly loved the postcard pages in the back .. All we colorists have a ton of books with pretty pages in them but not a real way to share our new hobby.... The back of the book has several pages of post cards on nice heavy stock already perforated and ready to go. I will be watching for more books from Dave . I have a quick flip thru video of the book but can't figure out how to upload that to .. You can check the coloringbookaddict website for links to social media where I shared it. I added a pic of the postcards and one I colored with prismacolor pencils.

America's first national park is truly nature's wonderland. Award-winning illustrator Dave Ember has captured the beauty and majesty of Yellowstone in magical and mystical images of the geysers, hot springs and wildlife. Artists will love adding their own imaginative touches in coloring Old Faithful Geyser, Morning Glory Pool, Tower Falls, trumpeter swans, wolves and bison. The book includes a special heavy perforated-paper section of \*8 postcards to color and send to family and friends, plus \*4 bookmarks to color-- total of 44 illustrations for artists and adventurers to color.

About the Author Dave Ember is an award-winning illustrator and designer who creates images for an international clientele. Clients such as Hewlett-Packard, Playboy, Inc. and The New York Times rely on his bold, graphic style for editorial, corporate and advertising art. He is the illustrator of the best selling book, America's National Parks, A Pop-Up Book. Dave was born in York, PA., and received a BFA from Tyler School of Art in Philadelphia in 1982.
