And I have over 100 and have been to Japan 16 times. The beauty of flowers is their natural curves. There are no straight lines in nature. The flowers are FORCED INTO STRAIGHT LINES AND GEOMETRICAL FORMS. The beauty of stems and leaves is lost. Nothing is real. Could be tissue paper flowers. Only one who is happy is the florist who sold massive amounts of flowers for one arrangement. Destroys all the true beauty of flowers. This author needs a good lesson in chabana, using a few weedy flowers gathered in the wild and arranged gently in a basket. DO NOT BUY IT. 1 of 1 people found the following review helpful.
