Anna Croyle : Zodiac Stained Glass Pattern Book (Dover Stained Glass Instruction) before purchasing it in order to gage whether or not it would be worth my time, and all praised Zodiac Stained Glass Pattern Book (Dover Stained Glass Instruction):

1 of 1 people found the following review helpful. Great BookBy CustomerI love this book. It has awesome patterns. I especially like the fact that there are several patterns for each zodiac. Thank you.

Inspired by astrology's sun signs, these original designs offer stained glass artists a treasury of imaginative patterns. In addition to several different patterns for each of the twelve individual signs, this collection includes a variety of designs that spotlight the entire wheel of the zodiac.

About the Author Anna Croyle's career as a stained glass artist began with a gift certificate for a beginner's class from her husband in 2000. She had a natural ability for the craft, and was soon hired as a part-time artisan and full-time designer. Currently, she works on custom, made-to-order windows from her studio in Baltimore, Maryland. Dover published her first book of stained glass designs and the three that followed.
